INTRODUCTION

Effective January 1, 2023, Inovalon, Inc., hereinafter referred to as the Company or Employer, restates the benefits, rights and privileges which will pertain to participating Employees, referred to as Participants, and the eligible Dependents of such Participants, as defined, and which benefits are provided through a fund established by the Company and referred to as the Plan. This booklet describes the Plan in effect as of January 1, 2023.

Coverage provided under this Plan for Employees and their Dependents will be in accordance with the Eligibility, Effective Date, Qualified Medical Child Support Order, Termination, Family and Medical Leave Act and other applicable provisions as stated in this Plan.

Inovalon, Inc. (the Plan Sponsor) has retained the services of an independent Plan Supervisor, experienced in claims processing, to handle health claims. The Plan Supervisor for the Plan is:

Allegiance Benefit Plan Management, Inc.
P.O. Box 3018
Missoula, MT 59806-3018

Please read this booklet carefully before incurring any medical or prescription drug expenses. For specific questions regarding coverage or benefits, please refer to the Wrap Plan Document or this Summary Plan Description which is available for review in the Personnel Office, at the office of the Plan Supervisor, or call or write Care Coordinators regarding any detailed questions concerning the Plan.

In the event of a direct conflict between the provisions of this Summary Plan Description and Wrap Plan Document, the provisions of this Summary Plan Description will prevail.

This Plan is not intended to, and cannot be used as workers' compensation coverage for any Employee or any covered Dependent of an Employee. Therefore, this Plan generally excludes claims related to any activity engaged in for wage or profit including, but not limited to, farming, ranching, part-time and seasonal activities. See Plan Exclusions for specific information.

The information contained in this Summary Plan Description is only a general statement regarding FMLA, COBRA, USERRA, and QMCSO. It is not intended to be and should not be relied upon as complete legal information about those subjects. Covered Persons and Employers should consult their own legal counsel regarding these matters.

Pre-notification is required for certain services. Refer to Care Coordination Process for further details. The Care Coordinators are available to Participants and providers for information, assistance and guidance, and can be reached toll-free by calling Care Coordinators: (866) 885-1125.

NETWORK PROVIDER BENEFIT

This Plan provides benefits through a group of contracted providers (Network provider). Using Network Providers offers cost-saving advantages because a Covered Person pays only a percentage of the scheduled fee for services provided.

“Network Provider” means using a Physician or Licensed Health Care Provider who is part of the group of contracted providers.

“Cigna Care Network” (CCN) means a designation given to Participating Providers who meet independently-established criteria determining efficiency and quality.

“Non-Network Provider” means a provider who is not a Network Provider. A Covered Person who uses a Non-Network Provider will pay more and may result in balance billing.

To determine if a provider qualifies as a Network Provider under this Plan, please visit: www.myinovaloncarecoordinator.com to access links for directories of Network Providers.

The Benefit Percentage for benefits may vary depending on the type of service and provider rendering the service or treatment. If a Non-Network Provider is chosen over a Network Provider, the Benefit Percentage will be lower (as stated in the Schedule of Medical Benefits), unless one of the Non-Network Benefit Exceptions stated below applies.

NON-NETWORK BENEFIT EXCEPTION

When a covered service is rendered by a Non-Network Provider, charges will be paid as if the service were rendered by a Network Provider under any of the following circumstances:

1. Charges for an Emergency, as defined by this Plan, limited to only those emergency medical procedures necessary to treat and stabilize an eligible Injury or Illness and then only to the extent that the same are necessary in order for the Covered Person to be transported, at the earliest medically appropriate time to a Network Hospital, clinic or other facility, or discharged.
2. Charges which are incurred as a result of and related to confinement in or use of a Network Hospital, clinic or other facility only for Non-Network services and providers over whom or which the Covered Person does not have any choice in or ability to select.
3. Charges will be paid in accordance with the Non-Network Maximum Allowable and cost sharing will apply as if the services were rendered by a Network Provider when charges are incurred as a result of and related to confinement in or use of a Network Hospital, clinic or other facility only for Non-Network services and providers over whom or which the Covered Person does not have any choice in or ability to select. Charges will be payable at the Network benefit level and at the median medical Network allowable as the Qualified Payment Amount (QPA) for No Surprise Billing Act purposes.
4. Charges for Emergency use of an Air Ambulance.

TRANSITION OF CARE

Certain Eligible Expenses that would have been considered at the Network benefit level by the prior claims administrator but which are not considered at the Network benefit level by the current Plan Supervisor may be paid at the applicable Network benefit level if the Covered Person is currently under a treatment plan by a Physician who was a member of this Plan’s previous Network but who is not a member of the Plan’s current Network in the Employee or Dependent’s network area. In order to ensure continuity of care for certain medical conditions already under treatment, the Network medical plan benefit level may continue for ninety (90) days for conditions approved as transitional care.

Examples of medical conditions appropriate for consideration for transitional care include, but are not limited to:

1. Cancer if under active treatment with chemotherapy and/or radiation therapy.
2. Organ transplant patients if under active treatment (seeing a Physician on a regular basis, on a transplant waiting list, ready at any time for transplant).
3. If the Covered Person is Inpatient in a Hospital on the effective date.
4. Post acute Injury or surgery within the past three (3) months.
5. Pregnancy in the second or third trimester and up to eight (8) weeks postpartum.
6. Behavioral health - any previous treatment.
7. Receiving care for end-stage renal disease or dialysis.
8. Terminally ill, with anticipated life expectancy of six months or less.

To be eligible for this benefit, call Care Coordinators at: (866) 885-1125.

Routine procedures, treatment for stable chronic conditions, minor illnesses and elective surgical procedures will not be covered by transitional level benefits.

CONTINUITY OF CARE

In the event a provider that a Covered Person is currently receiving services, treatment or care of an illness or injury for any of the following terminates its Network affiliation, the Plan will pay the provider at the Network benefit level and allowable amount for a period of up to ninety (90) days after the date the provider terminates its Network affiliation:

1. Pregnancy in the second or third trimester or postpartum care;
2. Continuation of treatment for a chronic or acute medical condition;
3. Active care at an Inpatient facility;
4. A disabling, degenerative, congenital or life threatening illness;
5. Ongoing treatment of a terminal illness or serious medical condition; or
6. A Mental illness or Alcohol and/or Chemical Dependency condition.

To be eligible for this benefit, call the customer service number listed on the Participant's identification card.

CARE COORDINATION PROCESS

INTRODUCTION

The Plan incorporates a “Care Coordination” process by Quantum Health. This process includes a staff of Care Coordinators who receive a notification regarding most healthcare services sought by Covered Persons, and coordinate activities and information flow between the providers.

Care Coordination is intended to help Covered Persons obtain quality healthcare and services in the most appropriate setting, help reduce unnecessary medical costs, and for early identification of complex medical conditions. The Care Coordinators are available to Covered Persons and their providers for information, assistance, and guidance, and can be reached toll-free by calling: **Care Coordinators: (866) 885-1125**.

PROCESS OF CARE REQUIREMENTS

In order to receive the highest benefits available in the Plan, Covered Persons must follow the “Care Coordination Process” outlined in this section. In some cases, failure to follow this process of care can result in significant benefit reductions or even loss of benefits for specific services. The process of care generally includes:

- ◆ Designating a coordinating Physician (Primary Care Physician, referred to as the PCP)
- ◆ Review and coordination process, including:
 - Pre-notification of certain procedures
 - Utilization Review
 - Concurrent Review of hospitalization and courses of care
 - Case Management
 - Chronic Condition Management

As described below, referral and pre-notification authorizations are generally requested by the providers on behalf of their Covered Persons.

DESIGNATED COORDINATING PHYSICIAN

Upon enrollment, all Covered Persons are asked to designate a coordinating Primary Care Physician (PCP) for each member of their family. While such designation is not mandatory, it is strongly recommended. **To ensure the highest level of benefits, and the best coordination of care, all Covered Persons are encouraged to designate an in-network primary care physician to be their coordinating Physician.**

The care coordination process generally begins with the coordinating Physician who is a Primary Care Physician (PCP) who maintains a relationship with the Covered Person and provides general healthcare guidance, evaluation, and management. The following types of Physicians can be selected by Covered Persons as their coordinating PCP:

- ◆ Family Medicine
- ◆ General Practice
- ◆ Internal Medicine
- ◆ Pediatrician (for children)
- ◆ OB/GYN may serve as a Primary Care Physician ONLY during the course of a women’s Pregnancy.

Covered Persons are encouraged to begin all healthcare events or inquiries with a call or visit to a PCP, who will guide patients as appropriate. In addition to providing care coordination and submitting referral and pre-notification requests, the PCP may also receive notices regarding healthcare services that their designated patients receive under the Plan. This allows the PCP to provide ongoing healthcare guidance.

Covered Persons are encouraged to begin all healthcare events or inquiries with a call or visit to a PCP, who will guide patients as appropriate. In addition to providing care coordination and submitting referral and pre-notification requests, the PCP may also receive notices regarding healthcare services that their designated patients receive under the Plan. This allows the PCP to provide ongoing healthcare guidance.

If you have trouble obtaining access to a PCP, the Care Coordinators may be able to assist you by providing a list of available PCPs and even contacting PCP offices on your behalf. Please contact the Care Coordinators: (866) 885-1125.

USE OF IN-NETWORK PROVIDERS

The Plan offers a broad network of providers and provides the highest level of benefits when Covered Persons utilize “in-network” providers. These networks will be indicated on your Plan identification card. **Services provided by out-of-network providers will not be eligible for the highest benefits.** Specific benefit levels are shown in the Schedule of Benefits.

REVIEW AND COORDINATION PROCESS

The Care Coordination process includes the following components:

Pre-notification of Certain Procedures

To be covered at the highest level of benefit and to ensure complete care coordination, the Plan requires that certain care, services and procedures be pre-certified before they are provided. Pre-certification requests are submitted to the Care Coordinators by a Specialty Care Physician, designated PCP, other PCP, or other healthcare provider. Instructions can be found on the Participant’s identification card. Depending on the request, the Care Coordinators may contact the requesting provider to obtain additional clinical information to support the need for the pre-notification request and to ensure that the care, service and/or procedure meet Plan criteria. If a pre-notification request does not meet Plan criteria, the Care Coordinators will contact the Covered Person and healthcare provider and assist in redirecting care if appropriate.

The following services require pre-notification:

- ◆ Inpatient and Skilled Nursing Facility Admissions
- ◆ Outpatient Surgeries
- ◆ MRI/MRA and PET scans
- ◆ Oncology Care and Services (chemotherapy and radiation therapy)
- ◆ Genetic Testing
- ◆ Dialysis
- ◆ Home Health Care
- ◆ Hospice Care
- ◆ DME – all rentals and any purchase over \$1,500
- ◆ Organ, Tissue and Bone Marrow Transplants
- ◆ Partial Hospitalization and Intensive Outpatient for Mental Health/Substance Abuse

Utilization Review

The Care Coordinators will review each pre-notification request to evaluate whether the care, requested procedures, and requested care setting all meet utilization criteria established by the Plan. The Plan has adopted the utilization criteria in use by the Care Coordinators. If a pre-notification request does not meet these criteria, the request will be reviewed by one of the medical directors for Quantum Health, who will review all available information and if needed consult with the requesting provider. If required, the medical director will also consult with other professionals and medical experts with knowledge in the appropriate field. He or she will then provide, through the Care Coordinators, a recommendation to the Plan Administrator whether the request should be approved, denied, or allowed as an exception. In this manner, the Plan ensures that pre-notification requests are reviewed according to nationally accepted standards of medical care, based on community healthcare resources and practices.

Concurrent Review

The Care Coordinators will regularly monitor a hospital stay, other institutional admission, or ongoing course of care for any Covered Person, and examine the possible use of alternate facilities or forms of care. The Care Coordinators will communicate regularly with attending Physicians, the Utilization Management staff of such facilities, and the Covered Person and/or family, to monitor the patient's progress and anticipate and initiate planning for future needs (discharge planning). Such concurrent review, and authorization for Plan coverage of hospital days, is conducted in accordance with the utilization criteria adopted by the Plan and Quantum Health.

Case Management

Case Management is ongoing, proactive coordination of a Covered Persons' care in cases where the medical condition is, or is expected to become catastrophic, chronic, or when the cost of treatment is expected to be significant. Examples of conditions that could prompt case management intervention include but are not limited to, cancer, chronic obstructive pulmonary disease, multiple trauma, spinal cord injury, stroke, head injury, AIDS, multiple sclerosis, severe burns, severe psychiatric disorders, high risk Pregnancy, and premature birth.

Case Management is a collaborative process designed to meet a Covered Person's health care needs, maximize their health potential, while effectively managing the costs of care needed to achieve this objective. The case manager will consult with the Covered Person, the attending Physician, and other members of the Covered Person's treatment team to assist in facilitating/implementing proactive plans of care which provides the most appropriate health care and services in a timely, efficient and cost-effective manner.

If the case manager, Covered Person, and the Plan Administrator all agree on alternative care that can reasonably be expected to achieve the desired results without sacrificing the quality of care provided, the Plan Administrator may alter or waive the normal provisions of this Plan to cover such alternative care, at the benefit level determined by the Plan Administrator.

In developing an alternative plan of treatment, the case manager will consider:

- ◆ The Covered Person's current medical status
- ◆ The current treatment plan
- ◆ The potential impact of the alternative plan of treatment
- ◆ The effectiveness of such care and
- ◆ The short-term and long-term implications this treatment plan could have

The Plan Administrator retains the right to review the Covered Person's medical status while the alternative plan of treatment is in process, and to discontinue the alternative plan of treatment with respect to medical services and supplies which are not covered charges under the Plan if:

- ◆ The attending Physician does not provide medical records or information necessary to determine the effectiveness of the alternative plan of treatment
- ◆ The goal of the alternative care of treatment has been met
- ◆ The alternative plan of care is not achieving the desired results or is no longer beneficial to the Covered Person

Chronic Condition Management

Chronic Condition Management (also referred to as Disease Management) is specialized support and coordination for Covered Persons with lifelong, chronic conditions such as diabetes, coronary artery disease, congestive heart failure, chronic obstructive pulmonary disease and asthma. Chronic Condition Management is a collaborative process that is designed to help Covered Persons with such conditions self-manage based on care pathways with respect to such disease state, including but not limited to assisting Covered Persons in understanding the care pathway, assisting Covered Persons in setting goals, facilitating dialog with Physicians if there are complications or conflicts with the Covered Person's care, evaluating ways to eliminate barriers to successful self-management and generally maximize their health. Covered Persons who are identified from claims, biometrics or other sources will be assessed for level of risk for each disease state and may be contacted proactively by a Chronic Condition Case Manager (also referred to as Disease Manager).

Covered Persons whose information indicates they are high risk will be contacted by a Chronic Condition Case Manager for an assessment and ongoing assistance and will be asked to update their care pathway information bi-annually. Covered Persons who are low or moderate risk may request assistance of a Chronic Condition Case Manager and will also be asked to update their care pathway information on a bi-annual basis. Participation in chronic condition care management is voluntary, but Participants may receive various prescription medications and/or supplies at a reduced cost or may be entitled to benefits that non-participants do not receive.

GENERAL PROVISIONS FOR CARE COORDINATION

Authorized Representative

The Covered Person is ultimately responsible for ensuring that all referrals and pre-notifications are approved and in place prior to the time of service to receive the highest level of benefits. However, in most cases, the actual referral and pre-notification process will be executed by the Covered Person's Physician(s) or other providers. By subscribing to this Plan, the Covered Person authorizes the Plan and its designated service providers (including Quantum Health, the third party administrator, and others) to accept healthcare providers making referral and pre-notification submissions, or who otherwise have knowledge of the Covered Person's medical condition, as their authorized representative in matters of Care Coordination. Communications with and notifications to such healthcare providers shall be considered notification to the Covered Person.

Time of Notice

The referral and pre-notification notifications should be made to the Care Coordinators within the following timeframe:

- ◆ At least three business days, before a scheduled (elective) Inpatient Hospital admission
- ◆ By the next business day after an emergency Hospital admission
- ◆ Upon being identified as a potential organ or tissue transplant recipient
- ◆ At least three business days before receiving any other services requiring pre-authorization

Emergency admissions and procedures

Any Hospital admission or Outpatient procedure that has not been previously scheduled and cannot be delayed without harming the patient's health is considered an emergency for purposes of the utilization review notification.

Maternity Admissions

A notice regarding admissions for childbirth should be submitted to the Care Coordinators in advance, preferably 30 days prior to expected delivery. The Plan and the Care Coordination process complies with all state and federal regulations regarding utilization review for maternity admissions. The Plan will not restrict benefits for any Hospital stay in connection with childbirth for the mother or newborn child to less than 48 hours following a normal vaginal delivery, or less than 96 hours following a cesarean section, or require prior notification or authorization for prescribing a length of stay not in excess of these periods. If the mother's or newborn's attending provider, after consulting with the mother, discharges the mother or her newborn earlier than the applicable 48 or 96 hours, the Plan will only consider benefits for the actual length of the stay. The Plan will not set benefit levels or out-of-pocket costs so that any later portion of the 48 or 96 hour stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

The Covered Person or her representative should notify Care Coordinators when Pregnancy is diagnosed. Notification is encouraged within the first trimester.

Care Coordination is not a guarantee of payment of benefits

The Care Coordination process does not provide a guarantee of payment of benefits. Approvals of referral and pre-notification notices for specialty visits, procedures, hospitalizations and other services, indicate that the medical condition, services, and care settings meet the utilization criteria established by the Plan. The Care Coordination approvals do not indicate that the service is a covered benefit, that the Covered Person is eligible for such benefits, or that other benefit conditions such as Copayment, Deductible, co-insurance, or maximums have been satisfied. Final determinations regarding coverage and eligibility for benefits are made by the Plan.

Result of not following the coordinated process of care

Failure to comply with the “Care Coordination Process” may result in reduction or loss in benefits.

Appeal of Care Coordination determinations

Covered Persons have certain appeal rights regarding adverse determinations in the Care Coordination process including reduction of benefits. The appeal process is detailed in the Procedures for Claiming Benefits, Appeal Procedures section within this document.

It is important to refer to other sections of this SPD which defines terms, covered benefits, exclusions and other important information. If help is needed for locating information in the document, please contact a Care Coordinator for assistance by calling: **Care Coordinators: (866) 885-1125.**

COORDINATION OF BENEFITS

The Coordination of Benefits provision prevents the payment of benefits which exceed the Allowable Expense. It applies when the Participant or Dependent who is covered by this Plan is or may also be covered by any other plan(s). This Plan will always pay either its benefits in full or a reduced amount which, when added to the benefits payable by the other plan(s), will not exceed 100% of the Allowable Expense. Only the amount paid by this Plan will be charged against the Plan maximums.

The Coordination of Benefits provision applies whether or not a claim is filed under the other plan or plans. If needed, authorization is hereby given this Plan to obtain information as to benefits or services available from the other plan or plans, or to recover overpayments.

All benefits contained in the Summary Plan Description are subject to this provision.

DEFINITIONS

“Allowable Expense” as used herein means:

1. If the claim as applied to the primary plan is subject to a contracted or negotiated rate, Allowable Expense will be equal to that contracted or negotiated amount.
2. If the claim as applied to the primary plan is not subject to a contracted or negotiated rate, but the claim as applied to the secondary plan is subject to a contracted or negotiated rate, the Allowable Expense will be equal to that contracted or negotiated amount of the secondary plan.
3. If the claim as applied to the primary plan and the secondary plan is not subject to a contracted or negotiated rate, then the Allowable Expense will be equal to the secondary plan’s chosen limits for non-contracted providers.

“Plan” as used herein means any plan providing benefits or services for or by reason of medical, dental or vision treatment, and such benefits or services are provided by:

1. Group insurance or any other arrangement for coverage for Covered Persons in a group whether on an insured or uninsured basis including, but not limited to:
 - A. Hospital indemnity benefits; and
 - B. Hospital reimbursement-type plans which permit the Covered Person to elect indemnity at the time of claims; or
2. Hospital or medical service organizations on a group basis, group practice and other group pre-payment plans; or
3. Hospital or medical service organizations on an individual basis having a provision similar in effect to this provision; or
4. A licensed Health Maintenance Organization (HMO); or
5. Any coverage for students which is sponsored by, or provided through a school or other educational institution; or
6. Any coverage under a governmental program, and any coverage required or provided by any statute.

“Plan” will be construed separately with respect to each policy, contract, or other arrangement for benefits or services, and separately with respect to that portion of any such policy, contract, or other arrangement which reserves the right to take the benefits or services of other plans into consideration in determining its benefits and that portion which does not.

ORDER OF BENEFIT DETERMINATION

1. Non-Dependent/Dependent:

The plan that covers the person as other than a dependent, (e.g., as an employee, member, subscriber, retiree) is primary and the plan that covers the person as a dependent is secondary.

2. Dependent Child Covered Under More Than One Plan:

Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

A. For a dependent child whose parents are married or are living together, whether or not they have ever been married:

- 1) The plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
- 2) If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.

B. For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

- 1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the primary plan. This item shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision;
- 2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph A of this paragraph shall determine the order of benefit;
- 3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph A of this paragraph shall determine the order of benefit;
- 4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - a) The plan covering the custodial parent;
 - b) The plan covering the custodial parent's spouse;
 - c) The plan covering the non-custodial parent; and then
 - d) The plan covering the non-custodial parent's spouse.

C. For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a or b of this paragraph as if those individuals were parents of the child.

D. For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph 5 applies.

- E. In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parent's plans, the order of benefits shall be determined by applying the birthday rule in subparagraph A to the dependent child's parent(s) and the dependent's spouse.
3. **Active Employee or Retired or Laid-Off Employee**
- A. The plan that covers a person as an active employee that is an employee who is neither laid-off nor retired or as a dependent of an active employee is the primary plan. The plan covering that same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee is the secondary plan.
- B. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule is ignored.
- C. This rule does not apply if the rule in paragraph 1 can determine the order of benefits.
4. **COBRA or State Continuation Coverage:**
- A. If a person whose coverage is provided pursuant to COBRA or under a right of continuation pursuant to state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the plan covering the same person pursuant to COBRA or under a right of continuation pursuant to state or other federal law is the secondary plan.
- B. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- C. This rule does not apply if the rule in paragraph 1 can determine the order of benefits.
5. **Longer or Shorter Length of Coverage**
- A. If the preceding rules do not determine the order of benefits, the plan that covered the person for the longer period of time is the primary plan and the plan that covered the person for the shorter period of time is the secondary plan.
- B. To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within twenty-four (24) hours after coverage under the first plan ended.
- C. The start of a new plan does not include:
- 1) A change in the amount or scope of a plan's benefits;
 - 2) A change in the entity that pays, provides or administers the plan's benefits; or
 - 3) A change from one type of plan to another, such as, from a single employer plan to a multiple employer plan.
- D. The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the person's coverage under the present plan has been in force.
6. If none of the preceding rules determines the order of benefits, the Allowable Expense shall be shared equally between the plans.

COORDINATION WITH MEDICARE

Medicare Part A, Part B and Part D will be considered a plan for the purposes of coordination of benefits. This Plan will coordinate benefits with Medicare whether or not the Covered Person is actually receiving Medicare Benefits. This means that this Plan will only pay the amount that Medicare would not have covered, even if the Covered Person does not elect to be covered under Medicare. Note: Failure to enroll in Medicare Part B or Part D when a person is initially eligible may result in the person being assessed a significant surcharge by Medicare for late enrollment in Part B or Part D.

1. For Working Aged

A covered Employee who is eligible for Medicare Part A, Part B or Part D as a result of age may be covered under this Plan and be covered under Medicare, in which case this Plan will pay primary. A covered Employee, eligible for Medicare Part A, Part B or Part D as a result of age, may elect not to be covered under this Plan. If such election is made, coverage under this Plan will terminate.

A covered Dependent, eligible for Medicare Part A, Part B or Part D as a result of age, of a covered Employee may also be covered under this Plan and be covered under Medicare, in which case this Plan again will pay primary. A covered Dependent, eligible for Medicare Part A, Part B or Part D as a result of age, may elect not to be covered under this Plan. If such election is made, coverage under this Plan will terminate.

2. For Covered Persons who are Disabled

For plans with 100 Employees or more, this Plan is primary and Medicare will be secondary for the covered Employee or any covered Dependent who is eligible for Medicare by reason of disability, if the Employee is actively employed by the Employer.

For plans with 100 Employees or more, this Plan is secondary and Medicare will be primary for the covered Employee or any covered Dependent who is eligible for Medicare by reason of disability if the Employee is retired or otherwise not actively working for the employer.

3. For Covered Persons with End Stage Renal Disease

Except as stated below*, for Employees and their Dependents, if Medicare eligibility is due solely to End Stage Renal Disease (ESRD), this Plan will be primary only during the first thirty (30) months of Medicare coverage. Thereafter, this Plan will be secondary with respect to Medicare coverage, unless after the thirty-month period described above, the Covered Person has no dialysis for a period of twelve (12) consecutive months and:

- A. Then resumes dialysis, at which time this Plan will again become primary for a period of thirty (30) months; or
- B. The Covered Person undergoes a kidney transplant, at which time this Plan will again become primary for a period of thirty (30) months.

*If a Covered Person is covered by Medicare as a result of disability, and Medicare is primary for that reason on the date the Covered Person becomes eligible for Medicare as a result of End Stage Renal Disease, Medicare will continue to be primary and this Plan will be secondary.

COORDINATION WITH MEDICAID

If a Covered Person is also entitled to and covered by Medicaid, this Plan will always be primary and Medicaid will always be secondary coverage.

COORDINATION WITH TRICARE/CHAMPVA

If a Covered Person is also entitled to and covered under TRICARE/CHAMPVA, this Plan will always be primary and TRICARE/CHAMPVA will always be secondary coverage. TRICARE coverage will include programs established under its authority, known as TRICARE Standard, TRICARE Extra and TRICARE Prime.

If the Covered Person is eligible for Medicare and entitled to veterans benefits through the Department of Veterans Affairs (VA), this Plan will always be primary and the VA will always be secondary for non-service connected medical claims. For these claims, this Plan will make payment to the VA as though this Plan was making payment secondary to Medicare.

PROCEDURES FOR CLAIMING BENEFITS

Claims must be submitted to the Plan within twelve (12) months after the date services or treatments are received or completed. Non-electronic claims may be submitted on any approved claim form, available from the provider. The claim must be completed in full with all the requested information. A complete claim must include the following information:

- Date of service;
- Name of the Participant;
- Name and date of birth of the patient receiving the treatment or service and his/her relationship to the Participant;
- Diagnosis [code] of the condition being treated;
- Treatment or service [code] performed;
- Amount charged by the provider for the treatment or service; and
- Sufficient documentation, in the sole determination of the Plan Administrator, to support the Medical Necessity of the treatment or service being provided and sufficient to enable the Plan Supervisor to adjudicate the claim pursuant to the terms and conditions of the Plan.

When completed, the claim must be sent to the Plan Supervisor, Allegiance Benefit Plan Management, Inc., at P.O. Box 3018, Missoula, Montana 59806-3018, or through any electronic claims submission system or clearinghouse to which Allegiance Benefit Plan Management, Inc. has access. **For questions call: Care Coordinators: (866) 885-1125.**

A claim will not, under any circumstances, be considered for payment of benefits if initially submitted to the Plan more than twelve (12) months from the date that services were incurred.

Upon termination of the Plan, final claims must be received within three (3) months of the date of termination, unless otherwise established by the Plan Administrator.

CLAIMS WILL NOT BE DEEMED SUBMITTED UNTIL RECEIVED BY THE PLAN SUPERVISOR.

The Plan will have the right, in its sole discretion and at its own expense, to require a claimant to undergo a medical examination, when and as often as may be reasonable, and to require the claimant to submit, or cause to be submitted, any and all medical and other relevant records it deems necessary to properly adjudicate the claim.

CLAIM DECISIONS ON CLAIMS AND ELIGIBILITY

Claims will be considered for payment according to the Plan's terms and conditions, industry-standard claims processing guidelines and administrative practices not inconsistent with the terms of the Plan. The Plan may, when appropriate or when required by law, consult with relevant health care professionals and access professional industry resources in making decisions about claims that involve specialized medical knowledge or judgment. Initial eligibility and claims decisions will be made within the time periods stated below. For purposes of this section, "Covered Person" will include the claimant and the claimant's Authorized Representative; "Covered Person" does not include a health care provider or other assignee, and said health care provider or assignee does not have an independent right to appeal an Adverse Benefit Determination simply by virtue of the assignment of benefits.

"Authorized Representative" means a representative authorized by the claimant to act on their behalf in pursuing a benefit claim or appeal of an Adverse Benefit Determination. The claimant must authorize the representative in writing, and this written authorization must be provided to the Plan. The Plan will recognize this Authorized Representative when the Plan receives the written authorization.

INFORMATION REGARDING URGENT CARE CLAIMS IS PROVIDED UNDER THE DISCLOSURE REQUIREMENTS OF APPLICABLE LAW; THE PLAN DOES NOT MAKE TREATMENT DECISIONS. ANY DECISION TO RECEIVE TREATMENT MUST BE MADE BETWEEN THE PATIENT AND HIS OR HER HEALTHCARE PROVIDER; HOWEVER, THE PLAN WILL ONLY PAY BENEFITS ACCORDING TO THE TERMS, CONDITIONS, LIMITATIONS AND EXCLUSIONS OF THIS PLAN.

1. **Urgent Care Claims** - An Urgent Care Claim is any claim for medical care or treatment with respect to which:
 - A. In the judgment of a prudent layperson possessing an average knowledge of health and medicine could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function; or
 - B. In the opinion of a Physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

There are no Urgent Care requirements under this Plan and therefore, there are no rights to appeal a pre-service Urgent Care Claim denial.

2. **Pre-Service Claims** - Pre-Service Claims must be submitted to the Plan before the Covered Person receives medical treatment or service. A Pre-Service Claim is any claim for a medical benefit which the Plan terms condition the Covered Person's receipt of the benefit, in whole or in part, on approval of the benefit before obtaining treatment. Pre-Service Claims are procedures stated in the Plan Document which, the Plan recommends be utilized before a Covered Person obtains medical care.
3. **Post-Service Claims** - A Post-Service Claim is any claim for a medical benefit under the Plan with respect to which the terms of the Plan do not condition the Covered Person's receipt of the benefit, or any part thereof, on approval of the benefit prior to obtaining medical care, and for which medical treatment has been obtained prior to submission of the claim(s).

In most cases, initial claims decisions on Post-Service Claims will be made within thirty (30) days of the Plan's receipt of the claim. The Plan will provide timely notice of the initial determination once sufficient information is received to make an initial determination, but no later than thirty (30) days after receiving the claim.

4. **Concurrent Care Review** - For patients who face early termination or reduction of benefits for a course of treatment previously certified by the Plan, a decision by the Plan to reduce or terminate benefits for ongoing care is considered an Adverse Benefit Determination. (Note: Exhaustion of the Plan's benefit maximums is not an Adverse Benefit Determination.) The Plan will notify the Covered Person sufficiently in advance to allow an appeal for uninterrupted continuing care before the benefit is reduced or terminated. Any request to extend an Urgent Care course of treatment beyond the initially prescribed period of time must be decided within twenty-four (24) hours of the Plan's receipt of the request. The appeal for ongoing care or treatment must be made to the Plan at least twenty-four (24) hours prior to the expiration of the initially-prescribed period.

APPEALING AN UN-REIMBURSED PHARMACY CLAIM

Pharmacy first level appeals and second level appeals will be processed by Care Coordinators. Requests for appeals must be sent to: Care Coordinators by Quantum Health; 7450 Huntington Park Dr; Columbus Ohio 43235.

APPEALING AN UN-REIMBURSED PRE-SERVICE CLAIM

If a claim is denied in whole or in part, the Covered Person will receive written notification of the Adverse Benefit Determination. A claim denial will be provided by the Plan showing:

1. The reason the claim was denied;
2. Reference(s) to the specific Plan provision(s) or rule(s) upon which the decision was based which resulted in the Adverse Benefit Determination;
3. Any additional information needed to perfect the claim and why such information is needed; and
4. An explanation of the Covered Person's right to appeal the Adverse Benefit Determination for a full and fair review and the right to bring a civil action under Section 502(a) of ERISA following an Adverse Benefit Determination on appeal.

If a Covered Person does not understand the reason for any Adverse Benefit Determination, he or she should contact Care Coordinators at the address or telephone number shown on the claim denial.

The Covered Person must appeal the Adverse Benefit Determination before the Covered Person may exercise his or her right to bring a civil action under Section 502(a) of ERISA. This Plan provides two (2) levels of benefit determination review and the Covered Person must exercise both levels of review before bringing a civil action.

To initiate the first level of benefit review, the Covered Person must submit in writing an appeal or a request for review of the Adverse Benefit Determination to the Plan within one hundred eighty (180) days after the Adverse Benefit Determination. The Covered Person should include any additional information supporting the appeal or the information required by the Plan which was not initially provided and forward it to Care Coordinators within the 180-day time period. Failure to appeal the Adverse Benefit Determination within the 180-day time period will render the determination final. Any appeal received after the 180-day time period has expired will receive no further consideration.

Appeals or requests for review of Adverse Benefit Determinations must be submitted verbally to (866) 885-1125 or in writing to Care Coordinators by Quantum Health, 5240 Blazer Parkway; Dublin, Ohio 43017; facsimile (fax) (877) 498-3681. Supporting materials may be submitted via mail, electronic claims submission process, facsimile (fax) or electronic mail (e-mail).

1. First Level of Benefit Determination Review

The first level of benefit determination review is done by Care Coordinators. Care Coordinators will research the information initially received and determine if the initial determination was appropriate based on the terms and conditions of the Plan and other relevant information. Notice of the decision on the first level of review will be sent to the Covered Person within fifteen (15) days following the date Care Coordinators receives the request for reconsideration.

If, based on Care Coordinators' review, the initial Adverse Benefit Determination remains the same and the Covered Person does not agree with that benefit determination, the Covered Person must initiate the second level of benefit review. The Covered Person must request the second review in writing and send it to Care Coordinators, not later than sixty (60) days after receipt of Care Coordinators' decision from the first level of review. Failure to initiate the second level of benefit review within the 60-day time period will render the determination final.

2. **Second Level of Benefit Determination Review**

The Care Coordinators will review the claim in question along with the additional information submitted by the Covered Person. The Plan will conduct a full and fair review of the claim by Care Coordinators who are neither the original decisionmaker nor the decisionmaker's subordinate. Care Coordinators cannot give deference to the initial benefit determination. The Care Coordinators may, when appropriate or if required by law, consult with relevant health care professionals in making decisions about appeals that involve specialized medical judgment. Where the appeal involves issues of Medical Necessity or experimental treatment, Care Coordinators will consult with a health care professional with appropriate training who was neither the medical professional consulted in the initial determination or his or her subordinate.

After a full and fair review of the Covered Person's appeal, Care Coordinators will provide a written or electronic notice of the final benefit determination, which contains the same information as notices for the initial determination, within fifteen (15) days.

If more time or information is needed to make a determination for a pre-service or post-service appeal, Care Coordinators will provide notice in writing to request an extension of up to fifteen (15) days and to specify any additional information needed to complete the review.

In the event any new or additional information is considered, relied upon or generated in connection with the appeal, Care Coordinators will provide this information to the Covered Person as soon as possible, free of charge and sufficiently in advance of the decision, so that the Covered Person will have an opportunity to respond. Also, if any new or additional rationale is considered for a denial it will be provided to the Covered Person as soon as possible and sufficiently in advance of the decision to allow a reasonable opportunity to respond.

If an appeal decision is not made and issued within the time period described above, or if the Plan fails to meet any of the requirements of this appeal process, the Covered Person may deem the appeal to be exhausted and proceed to the external review or bring a civil action under Section 502(a) of ERISA. The Covered Person should contact Care Coordinators to ask for confirmation that the Covered Person's appeal has been denied, or to request an External Review.

INDEPENDENT EXTERNAL REVIEW FOR A PRE-SERVICE CLAIM

After exhaustion of all appeal rights stated above, a Covered Person may also request a final independent external review of any Adverse Benefit Determination involving a question of Medical Necessity, or other issue requiring medical expertise for resolution.

To assert this right to independent external medical review, the Covered Person must request such review in writing within one hundred twenty (120) days after a decision is made upon the second level benefit determination above.

If an independent external review is requested, Care Coordinators will forward the entire record on appeal, within ten (10) days, to an independent external review organization (IRO) selected randomly. The IRO will notify the Covered Person of its procedures to submit further information.

The IRO will issue a final decision within forty-five (45) days after receipt of all necessary information.

The decision of the IRO will be final and binding except that the Covered Person shall have an additional right to appeal the matter to a federal district court with jurisdiction pursuant to Section 503 of ERISA.

APPEALING AN UN-REIMBURSED POST-SERVICE CLAIM

If a claim is denied in whole or in part, the Covered Person will receive written notification of the Adverse Benefit Determination. A claim Explanation of Benefits (EOB) will be provided by the Plan showing:

1. The reason the claim was denied;
2. Reference(s) to the specific Plan provision(s) or rule(s) upon which the decision was based which resulted in the Adverse Benefit Determination;
3. Any additional information needed to perfect the claim and why such information is needed; and
4. An explanation of the Covered Person's right to appeal the Adverse Benefit Determination for a full and fair review and the right to bring a civil action under Section 502(a) of ERISA following an Adverse Benefit Determination on appeal.

If a Covered Person does not understand the reason for any Adverse Benefit Determination, he or she should contact Care Coordinators at the address or telephone number shown on the EOB form.

The Covered Person must appeal the Adverse Benefit Determination before the Covered Person may exercise his or her right to bring a civil action under Section 502(a) of ERISA. This Plan provides two (2) levels of benefit determination review and the Covered Person must exercise both levels of review before bringing a civil action.

To initiate the first level of benefit review, the Covered Person must submit in writing an appeal or a request for review of the Adverse Benefit Determination to the Plan within one hundred eighty (180) days after the Adverse Benefit Determination. The Covered Person should include any additional information supporting the appeal or the information required by the Plan which was not initially provided and forward it to Care Coordinators within the 180-day time period. Failure to appeal the Adverse Benefit Determination within the 180-day time period will render the determination final. Any appeal received after the 180-day time period has expired will receive no further consideration.

Appeals or requests for review of Adverse Benefit Determinations must be submitted verbally to (866) 885-1125 or in writing to Care Coordinators by Quantum Health, 5240 Blazer Parkway; Dublin, Ohio 43017; facsimile (fax) (877) 498-3681. Supporting materials may be submitted via mail, electronic claims submission process, facsimile (fax) or electronic mail (e-mail).

1. **First Level of Benefit Determination Review**

The first level of benefit determination review is done by Care Coordinators. Care Coordinators will research the information initially received and determine if the initial determination was appropriate based on the terms and conditions of the Plan and other relevant information. Notice of the decision on the first level of review will be sent to the Covered Person within thirty (30) days following the date Care Coordinators receives the request for reconsideration.

If, based on Care Coordinators' review, the initial Adverse Benefit Determination remains the same and the Covered Person does not agree with that benefit determination, the Covered Person must initiate the second level of benefit review. The Covered Person must request the second review in writing and send it to Care Coordinators, not later than sixty (60) days after receipt of Care Coordinators' decision from the first level of review. Failure to initiate the second level of benefit review within the 60-day time period will render the determination final.

2. **Second Level of Benefit Determination Review**

Care Coordinators will review the claim in question along with the additional information submitted by the Covered Person. Care Coordinators will conduct a full and fair review of the claim by Care Coordinators who are neither the original decisionmaker nor the decisionmaker's subordinate. Care Coordinators cannot give deference to the initial benefit determination. Care Coordinators may, when appropriate or if required by law, consult with relevant health care professionals in making decisions about appeals that involve specialized medical judgment. Where the appeal involves issues of Medical Necessity or experimental treatment, Care Coordinators will consult with a health care professional with appropriate training who was neither the medical professional consulted in the initial determination or his or her subordinate.

After a full and fair review of the Covered Person's appeal, Care Coordinators will provide a written or electronic notice of the final benefit determination within a reasonable time, but no later than thirty (30) days from the date the appeal is received by Care Coordinators at each level of review.

All claim payments are based upon the terms contained in the Plan Document, on file with the Plan Administrator and Care Coordinators. The Covered Person may request, free of charge, more detailed information, names of any medical professionals consulted and copies of relevant documents, as defined in and required by law, which were used by the Plan to adjudicate the claim.

If more time or information is needed to make a determination for a pre-service or post-service appeal, Care Coordinators will provide notice in writing to request an extension of up to fifteen (15) days and to specify any additional information needed to complete the review.

In the event any new or additional information is considered, relied upon or generated in connection with the appeal, Care Coordinators will provide this information to the Covered Person as soon as possible, free of charge and sufficiently in advance of the decision, so that the Covered Person will have an opportunity to respond. Also, if any new or additional rationale is considered for a denial it will be provided to the Covered Person as soon as possible and sufficiently in advance of the decision to allow a reasonable opportunity to respond.

If an appeal decision is not made and issued within the time period described above, or if the Plan fails to meet any of the requirements of this appeal process, the Covered Person may deem the appeal to be exhausted and proceed to the external review or bring a civil action under Section 502(a) of ERISA. The Covered Person should contact Care Coordinators to ask for confirmation that the Covered Person's appeal has been denied, or to request an External Review.

INDEPENDENT EXTERNAL REVIEW FOR A POST-SERVICE CLAIM

After exhaustion of all appeal rights stated above, a Covered Person may also request a final independent external review of any Adverse Benefit Determination involving a question of Medical Necessity, or other issue requiring medical expertise for resolution.

To assert this right to independent external medical review, the Covered Person must request such review in writing within one hundred twenty (120) days after a decision is made upon the second level benefit determination above.

If an independent external review is requested, Care Coordinators will forward the entire record on appeal, within ten (10) days, to an independent external review organization (IRO) selected randomly. The IRO will notify the Covered Person of its procedures to submit further information.

The IRO will issue a final decision within forty-five (45) days after receipt of all necessary information.

The decision of the IRO will be final and binding except that the Covered Person shall have an additional right to appeal the matter to a federal district court with jurisdiction pursuant to Section 503 of ERISA.

ELIGIBILITY PROVISIONS

If both spouses, or both the Participant and the Participant's domestic partner, are employed by the Company, and both are eligible for Dependent Coverage, either spouse, or the Participant or the Participant's domestic partner, but not both, may elect Dependent Coverage for their eligible Dependents. No one can be covered under this Plan as both an Employee and a Dependent. No one can be covered under this Plan as a Dependent by more than one Participant.

EMPLOYEE ELIGIBILITY

An Employee becomes eligible under this Plan for each classification of Employee as follows:

1. Class I - Is classified as a full-time or part-time Employee and is employed by the Company on a continuing and regular basis for at least thirty (30) hours per week; or
2. Class II - Is employed by the Company as a variable hour Employee and completes a Measurement Period of twelve (12) consecutive months, during which the variable hour Employee averages thirty (30) hours per week of actual work and/or paid leave, FMLA leave or jury duty whether paid or not, for twelve (12) consecutive months.

"Measurement Period" is the period of time adopted by the Plan for variable hour Employees during which such Employees' work hours and applicable leave are measured to determine whether such Employees are eligible for coverage.

An Employee is not eligible while on active military duty if that duty exceeds a period of thirty-one (31) consecutive days.

WAITING PERIOD

With respect to a person covered by a previous plan or previous group health insurance of the Employer on the effective date of this Plan, the effective date of coverage under this Plan will be the effective date of the Plan.

With respect to an eligible Employee, coverage under the Plan will not start until the Employee completes a Waiting Period. The Waiting Period commences with the date the Employee meets the eligibility requirements stated above (Enrollment Date) and ends for each classification of Employees as follows:

1. Class I - For full-time or part-time Employees, the last day of the month following the Enrollment Date.
2. Class II - For variable hour Employees, the last day of the month coincident with or immediately following the end of the Measurement Period defined in Employee Eligibility subsection above. If elected, coverage under this section shall continue for a period of not more than twelve (12) consecutive months provided the Participant remains employed by the Employer regardless of the number of hours worked during that time period. This period of time is the Coverage Period.

For a Class I Employee only, an ineligible Employee who has an employment status change which makes him/her eligible for coverage will be given credit for days of employment with the Company as an ineligible Employee which credit will be applied toward the Waiting Period. The effective date of coverage will be the first day of the month coincident with or immediately following the Enrollment Date, which credit for days of employment with the Company will be reduced on a day-for-day basis by days employed by the Company as an ineligible Employee.

DEPENDENT ELIGIBILITY

An eligible Dependent includes any person who is a citizen, resident alien, or is otherwise legally present in the United States or in any other jurisdiction that the related Participant has been assigned by the Employer, and who is either:

1. The Participant's legal spouse, according to the marriage laws of the state where the marriage was first solemnized or established. Proof of legal marriage must be furnished to the Plan Administrator upon request, including a copy of the Participant's most recent Federal tax return and signed Affidavit.

An eligible Dependent does not include a spouse who is legally separated or divorced from the Participant and has a court order or decree stating such from a court of competent jurisdiction.

2. The Participant's domestic partner, of the same or opposite sex, provided all of the following "Required Eligibility Conditions" are met:
 - A. The Participant and domestic partner are both eighteen (18) years of age or older and each has the capacity to enter into a contract; and
 - B. The Participant and domestic partner share a permanent residence, for no less than one (1) year; and
 - C. The Participant and domestic partner are financially interdependent, and have proven such interdependence by providing documentation of at least two (2) of the following arrangements:
 - 1) Common ownership of real property (joint deed or mortgage), or a common leasehold interest in such property;
 - 2) Community ownership of a motor vehicle;
 - 3) A joint bank account or joint credit account;
 - 4) Designation as a beneficiary for life insurance or retirement benefits, wills, assignment of a durable power of attorney or health care power of attorney; or
 - 5) such other proof as is considered to be sufficient to establish financial interdependency.
 - D. The Participant and domestic partner are not legally married to another person; and
 - E. The Participant and domestic partner are not a blood relative any closer than would prohibit legal marriage; and
 - F. The Participant and domestic partner do not have any other domestic partner, spouse or spouse equivalent of the same or opposite sex; and
 - G. The Participant and domestic partner have signed jointly, a notarized Affidavit of Domestic Partnership attesting to the above; and
 - H. The Participant and domestic partner has not signed a Domestic Partner affidavit or declaration with any other person within twelve (12) months prior to designating each other as domestic partners hereunder; and
 - I. The Participant and domestic partner must have registered as domestic partners if residing in a state that provides for such registration; and
 - H. An Attestation of Domestic Partnership has been submitted to the Plan Administrator on the Plan's enrollment platform upon enrollment.

3. The Participant's Dependent child who meets all of the following "Required Eligibility Conditions":
 - A. Is a natural child; step-child; legally adopted child; court-placed foster child; a child who has been Placed for Adoption with the Participant or domestic partner and for whom as part of such Placement the Participant or domestic partner have a legal obligation for the partial or full support of such child, including providing coverage under the Plan pursuant to a written agreement; a person for whom the Participant or domestic partner has been appointed the legal guardian by a court of competent jurisdiction prior to the person attaining nineteen (19) years of age; and
 - B. Is less than twenty-six (26) years of age. This requirement is waived if the Participant or domestic partner's child is mentally handicapped/challenged or physically handicapped/challenged, provided that the child is incapable of self-supporting employment and is chiefly dependent upon the Participant or domestic partner for support and maintenance. Proof of incapacity must be furnished to the Plan Administrator upon request, and additional proof may be required from time to time.

An eligible Dependent does not include a spouse of the Dependent child or a child of the Dependent child.

AUTOMATIC NEWBORN COVERAGE

A child born to a Participant or Participant's domestic partner will be automatically enrolled for benefits for a period of thirty-one (31) days whether the child is enrolled or not from the moment of birth. The child must be enrolled in accordance with the terms of the applicable Special Enrollment provisions of the Plan for coverage to continue beyond thirty-one (31) days.

PARTICIPANT ELIGIBILITY FOR DEPENDENT COVERAGE

Each Employee will become eligible for Dependent Coverage on the latest of:

1. The date the Employee becomes eligible for Participant coverage; or
2. The date on which the Employee first acquires a Dependent.

EFFECTIVE DATE OF COVERAGE

All coverage under the Plan will commence at 12:01 A.M. in the time zone in which the Covered Person permanently resides, on the date such coverage becomes effective.

PARTICIPANT COVERAGE

Participant coverage under the Plan will become effective on the first day of the month following the Enrollment Date provided the Employee satisfies the applicable eligibility requirements and Waiting Period. If these requirements are met, the Employee must be offered coverage or an opportunity to waive coverage even if the offer is after the date coverage should become effective, regardless of the time that has elapsed, provided that the reason coverage was not offered before the end of the Waiting Period was as a result of an administrative error on the part of the Employer, Plan Administrator or Plan Supervisor.

An eligible Employee who declines Participant coverage under the Plan during the Initial Enrollment Period will be able to become covered later in only during an Open Enrollment Period or Special Enrollment Period.

A variable hour Employee will remain covered for a period of time not to exceed twelve (12) consecutive months from the effective date of coverage (the Coverage Period) regardless of the number of hours worked and applicable leave, as long as the individual remains employed by the Company. At the end of the Coverage Period, if the individual remains employed as a variable hour Employee and averages at least thirty (30) hours per week during the Coverage Period, the individual will remain covered for a period of time not to exceed an additional twelve (12) consecutive months.

“Coverage Period” is the maximum period of time variable hour Employees can be covered under the Plan as active Employees after completion of a Measurement Period as defined in the Eligibility Provisions under the Employee Eligibility subsection.

DEPENDENT COVERAGE

Each Participant who requests Dependent Coverage on the Plan’s enrollment platform will become covered for Dependent Coverage as follows:

1. On the Participant’s effective date of coverage, if application for Dependent Coverage is made on the same enrollment platform used by the Participant to enroll for coverage. This subsection applies only to Dependents who are eligible on the Participant’s effective date of coverage.
2. In the event a Dependent is acquired after the Participant’s effective date of coverage as a result of a legal guardianship or in the event that a Participant is required to provide coverage as a result of a valid court order, or if the Dependent is acquired as a result of operation of law, Dependent Coverage will begin on the first day of the month following the Plan’s receipt of an enrollment form and copy of said court order, if applicable.
3. In the event a Dependent is acquired as a result of establishment of a domestic partnership, Dependent coverage will begin on the first day of the month following the Plan’s receipt of an enrollment form and signed Affidavit of Domestic Partnership.

OPEN ENROLLMENT PERIOD

The Open Enrollment Period will generally be during the month of November of each year, as determined by the Plan Administrator, during which an Employee and the Employee's eligible Dependents who are not covered under this Plan may request Participant or Dependent coverage. Coverage must be requested on the Plan's enrollment platform.

Coverage requested during any Open Enrollment Period will begin on January 1 immediately following the Open Enrollment Period.

SPECIAL ENROLLMENT PERIOD

In addition to other enrollment times allowed by this Plan, certain persons may enroll during the Special Enrollment Periods described below.

Coverage will become effective on the date of the event if the Employee makes a special enrollment request, verbally or in writing, within thirty-one (31) days of any special enrollment event and application for such coverage is made on the Plan's enrollment platform within sixty (60) days of the event.

1. An eligible Employee who is not enrolled and eligible Dependents, including step children, who are acquired under the following specific events may enroll and become covered:
 - A. Marriage to the Employee; or
 - B. Birth of the Employee's child; or
 - C. Adoption of a child by the Employee, provided the child is under the age of 19; or

2. A Participant may enroll eligible Dependents, including step children, who are acquired under the following specific events:
 - A. Marriage to the Participant; or
 - B. Birth of the Participant's child; or
 - C. Adoption of a child by the Participant, provided the child is under the age of 19; or

 - E. Declaration of domestic partnership.
3. The spouse or domestic partner of a Participant (Covered Employee) may enroll and will become covered under the following specific events:
 - A. Marriage to the Participant; or
 - B. Birth of the Participant's child; or

- C. Adoption of a child by the Participant, provided the child is under the age of 19; or
 - D. Placement for Adoption with the Employee, provided such Employee has a legal obligation for the partial or full support of such child, including providing coverage under the Plan pursuant to a written agreement and the child is under the age of 19; or
 - E. Declaration of domestic partnership.
4. The following individuals may enroll and become covered when coverage under another health care plan or health insurance is terminated due to loss of eligibility or if employer contributions to the other coverage have been terminated (Loss of Coverage), subject to the following:
- A. If the eligible Employee loses coverage, the eligible Employee who lost coverage and any eligible Dependents of the eligible Employee may enroll and become covered.
 - B. If an eligible Dependent loses coverage, the eligible Dependent who lost coverage and the eligible Employee may enroll and become covered.

Further, Loss of Coverage means only one of the following:

- A. COBRA Continuation Coverage under another plan and the maximum period of COBRA Continuation Coverage under that other plan has been exhausted; or
- B. Group or insurance health coverage that has been terminated as a result of termination of employer contributions* towards that other coverage; or
- C. Group or insurance health coverage (includes other coverage that is Medicare) that has been terminated only as a result of a loss of eligibility for coverage for any of the following:
 - 1) Legal separation or divorce of the eligible Employee;
 - 2) Cessation of Dependent status;
 - 3) Death of the eligible Employee;
 - 4) Termination of employment of the eligible Dependent;
 - 5) Reduction in the number of hours of employment of the eligible Dependent;
 - 6) Termination of the eligible Dependent's employer's plan;
 - 7) Any loss of eligibility after a period that is measured by reference to any of the foregoing; or
 - 8) Any loss of eligibility for individual or group coverage because the eligible Employee or Dependent no longer resides, lives or works in the service area of the HMO or other such plan; or
 - 9) Dissolution of the domestic partnership.

*Employer contributions include contributions by any current or former employer that was contributing to the other non-COBRA coverage.

A loss of eligibility for coverage does not occur if coverage was terminated due to a failure of the Employee or Dependent to pay premiums on a timely basis or coverage was terminated for cause.

5. Individuals may enroll and become covered when coverage under Medicaid or any state children's insurance program recognized under the Children's Health Insurance Program Reauthorization Act of 2009 is terminated due to loss of eligibility, subject to the following:
- A. A request for enrollment must be made either verbally or in writing within sixty (60) days after this special enrollment event, and written application for such coverage must be made within ninety (90) days after such event.

Effective Date of Coverage

- B. If the eligible Employee loses coverage, the eligible Employee who lost coverage and any eligible Dependents of the eligible Employee may enroll and become covered.
 - C. If an eligible Dependent loses coverage, the eligible Dependent who lost coverage and the eligible Employee may enroll and become covered.
6. Individuals who are eligible for coverage under this Plan may enroll and become covered on the date they become entitled to a Premium Assistance Subsidy authorized under the Children's Health Insurance Program Reauthorization Act of 2009. The date of entitlement shall be the date stated in the Premium Assistance Authorization entitlement notice issued by the applicable state agency (CHIP or Medicaid). A request for enrollment, either verbal or in writing, must be made within sixty (60) days after this special enrollment event, and written application for such coverage must be made in writing within ninety (90) days after such event.

For any Special Enrollment event, the Participant may also elect to change coverage options to any coverage option offered by the Plan. The Coverage Option for the Dependent must be the same as the Participant.

CHANGE IN STATUS

If a Covered Dependent under this Plan becomes an eligible Employee of the Company, he/she may continue his/her coverage as a Dependent or elect to be covered as a Participant.

If an eligible Employee who is covered as a Participant of this Plan ceases to be an Employee of the Company, but is eligible to be covered as a Dependent under another Employee/Participant, he/she may elect to continue his/her coverage as a Dependent of such Employee/Participant.

Application for coverage due to a Change in Status must be made on the Plan's enrollment platform, within thirty-one (31) days immediately following the date the Employee becomes or ceases to be an eligible Employee. A Change in Status will not be deemed to be a break or termination of coverage and will not operate to reduce or increase any coverage or accumulations toward satisfaction of the deductible and Out-of-Pocket Maximum to which the Covered Person was entitled prior to the Change in Status.

RELATION TO SECTION 125 CAFETERIA PLAN

This Plan may also allow additional changes to enrollment due to change in status events under the Employer's Section 125 Cafeteria Plan only if that change is consistent with the status event and the event would cause a loss of coverage. Refer to the Employer's Section 125 Cafeteria Plan for more information.

QUALIFIED MEDICAL CHILD SUPPORT ORDER PROVISION

PURPOSE

Pursuant to Section 609(a) of ERISA, the Plan Administrator adopts the following procedures to determine whether Medical Child Support Orders are qualified in accordance with ERISA's requirements, to administer payments and other provisions under Qualified Medical Child Support Orders (QMCSO), and to enforce these procedures as legally required.

DEFINITIONS

For QMCSO requirements, the following definitions apply:

1. "Alternate Recipient" means any child of a Participant who is recognized under a Medical Child Support Order as having a right to enroll in this Plan with respect to the Participant.
2. "Medical Child Support Order" means any state or court judgment, decree or order (including approval of settlement agreement) issued by a court of competent jurisdiction, or issued through an administrative process established under State law and which has the same force and effect of law under applicable State law and:
 - A. Provides for child support for a child of a Participant under this Plan;
 - B. Provides for health coverage for such a child under state domestic relations laws (including community property laws) and relates to benefits under this Plan; and
 - C. Is made pursuant to a law relating to medical child support described in Section 1908 of the Social Security Act.
3. "Plan" means this self-funded Employee Health Benefit Plan, including all supplements and amendments in effect.
4. "Qualified Medical Child Support Order" means a Medical Child Support Order which creates (including assignment of rights) or recognizes an Alternate Recipient's right to receive benefits to which a Participant or Qualified Beneficiary is eligible under this Plan, and has been determined by the Plan Administrator to meet the qualification requirements as outlined under Procedures For Notifications and Determinations of this provision.

CRITERIA FOR A QUALIFIED MEDICAL CHILD SUPPORT ORDER

To be qualified, a Medical Child Support Order must clearly:

1. Specify the name and the last known mailing address (if any) of the Participant and the name and mailing address of each Alternate Recipient covered by the order, except that, to the extent provided in the order, the name and mailing address of an official of a State or a political subdivision thereof may be substituted for the mailing address of any such Alternate Recipient; and
2. Include a reasonable description of the type of coverage to be provided by the Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined; and
3. Specify each period to which such order applies.

Qualified Medical Child Support Order Provision

In order to be qualified, a Medical Child Support Order must not require the Plan to provide any type or form of benefits, or any option, not otherwise provided under the Plan except to the extent necessary to meet the requirements of Section 1908 of the Social Security Act (relating to enforcement of state laws regarding child support and reimbursement of Medicaid).

PROCEDURES FOR NOTIFICATIONS AND DETERMINATIONS

In the case of any Medical Child Support Order received by this Plan:

1. The Plan Administrator will promptly notify the Participant and each Alternate Recipient of the receipt of such order and the plan's procedures for determining whether Medical Child Support Orders are qualified orders; and
2. Within a reasonable period after receipt of such order, the Plan Administrator will determine whether such order is a Qualified Medical Child Support Order and notify the Participant and each Alternate Recipient of such determination.

ERISA REPORTING AND DISCLOSURE REQUIREMENTS

The Plan Administrator will ensure that the Alternate Recipient is treated by the Plan as a beneficiary for ERISA reporting and disclosure purposes, such as by distributing to the Alternate Recipient a copy of the Summary Plan Description and any subsequent Summaries of Material Modifications generated by a Plan amendment.

NATIONAL MEDICAL SUPPORT NOTICE

If the plan administrator of a group health plan which is maintained by the employer of a non-custodial parent of a child, or to which such an employer contributes, receives an appropriately completed National Medical Support Notice as described in Section 401(b) of the Child Support Performance and Incentive Act of 1998 in the case of such child, and the Notice meets the criteria shown above for a qualified order, the Notice will be deemed to be a Qualified Medical Child Support Order in the case of such child.

FAMILY AND MEDICAL LEAVE ACT OF 1993

The Family and Medical Leave Act (FMLA) requires Employers who are subject to FMLA to allow their “eligible” Employees to take unpaid, job-protected leave. The Employer may also require or allow the Employee to substitute appropriate paid leave including, but not limited to, vacation and sick leave, if the Employee has earned or accrued it. The maximum leave required by FMLA is twelve (12) workweeks in any twelve (12) month period for certain family and medical reasons and a maximum combined total of twenty-six (26) workweeks during any twelve (12) month period for certain family and medical reasons and for a serious Injury or Illness of a member of the Armed Forces to allow the Employee, who is the spouse, son, daughter, parent, or next of kin to the member of the Armed Forces, to care for that member of the Armed Forces. In certain cases, this leave may be taken on an intermittent basis rather than all at once, or the Employee may work a part-time schedule.

DEFINITIONS

For these Family and Medical Leave Act of 1993 provisions only, the following definitions apply:

1. “Member of the Armed Forces” includes members of the National Guard or Reserves who are undergoing medical treatment, recuperation or therapy.
2. “Next of Kin” means the nearest blood relative to the service member.
3. “Parent” means Employee’s biological parent or someone who has acted as Employee’s parent in place of Employee’s biological parent when Employee was a son or daughter.
4. “Serious health condition” means an Illness, Injury impairment, or physical or mental condition that involves:
 - A. Inpatient care in a hospital, hospice, or residential medical facility; or
 - B. Continuing treatment by a health care provider (a doctor of medicine or osteopathy who is authorized to practice medicine or surgery as appropriate, by the state in which the doctor practices or any other person determined by the Secretary of Labor to be capable of providing health care services).
5. “Serious Injury or Illness” means an Injury or Illness incurred in the line of duty that may render the member of the Armed Forces medically unfit to perform his or her military duties.
6. “Son or daughter” means Employee’s biological child, adopted child, stepchild, legal foster child, a child placed in Employee’s legal custody, or a child for which Employee is acting as the parent in place of the child’s natural blood related parent. The child must be:
 - A. Under the age of eighteen (18); or
 - B. Over the age of eighteen (18), but incapable of self-care because of a mental or physical disability.
7. “Spouse” means a husband or wife as defined or recognized under state law for purposes of marriage in the state where the Employee resides, including common law marriage and same-sex marriage.

EMPLOYERS SUBJECT TO FMLA

In general, FMLA applies to any employer engaged in interstate commerce or in any industry or activity affecting interstate commerce who employs 50 or more Employees for each working day during each of 20 or more calendar work weeks in the current or preceding Calendar Year. FMLA also applies to those persons described in Section 3(d) of the Fair Labor Standards Act, 29 U.S.C. 203(d). The FMLA applies to government entities, including branches of the United States government, state governments and political subdivisions thereof.

ELIGIBLE EMPLOYEES

Generally, an Employee is eligible for FMLA leave only if the Employee satisfies all of the following requirements as of the date on which any requested FMLA leave is to commence: (1) has been employed by the Employer for a total of at least twelve months (whether consecutive or not); (2) the Employee has worked (as defined under the Fair Labor Standards Act) at least 1,250 hours during the twelve-(12) month period immediately preceding the date the requested leave is to commence; (3) the Employee is employed in any state of the United States, the District of Columbia or any Territories or possession of the United States; and (4) at the time the leave is requested, the Employee is employed at a work site where 50 or more Employees are employed by the Employer within 75 surface miles of the work site.

REASONS FOR TAKING LEAVE

FMLA leave must be granted (1) to care for the Employee's newborn child; (2) to care for a child placed with the Employee for adoption or foster care; (3) to care for the Employee's spouse, son, daughter, or parent, who has a serious health condition; (4) because the Employee's own serious health condition prevents the Employee from performing his or her job; or (5) because of a qualifying exigency, as determined by the Secretary of Labor, arising out of the fact that a spouse, son, daughter or parent of the Employee is on active duty or has been called to active duty in the Armed Forces in support of a contingency operation (e.g., a war or national emergency declared by the President or Congress).

ADVANCE NOTICE AND MEDICAL CERTIFICATION

Ordinarily, an Employee must provide thirty (30) days advance notice when the requested leave is "foreseeable." If the leave is not foreseeable, the Employee must notify the Employer as soon as is practicable, generally within one to two working days. An employer may require medical certification to substantiate a request for leave requested due to a serious health condition. If the leave is due to the Employee's serious health condition, the Employer may require second or third opinions, at the Employer's expense, and a certification of fitness to return to work prior to allowing the Employee to return to work.

PROTECTION OF JOB BENEFITS

For the duration of FMLA leave, the Employer must maintain the Employee's health coverage under any "group health plan" on the same conditions as coverage would have been provided if the Employee had been in Active Service during FMLA leave period. Taking FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an Employee's leave, unless the loss would have occurred even if the Employee had been in Active Service.

UNLAWFUL ACTS BY EMPLOYERS

Employers cannot interfere with, restrain or deny the exercise of any right provided under the FMLA or to manipulate circumstances to avoid responsibilities under the FMLA. Employers may not discharge, or discriminate against any person who opposes any practice made unlawful by the FMLA or who may be involved in a proceeding under or relating to the FMLA.

ENFORCEMENT

The U.S. Department of Labor is authorized to investigate and resolve complaints of FMLA violations. An eligible Employee may also bring a civil action against an employer for FMLA violations. The FMLA does not supersede any federal or state law prohibiting discrimination, and does not supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights. For additional information, contact the nearest office of Wage and Hour Division, listed in most telephone directories under U.S. Government, Department of Labor.

TERMINATION OF COVERAGE

PARTICIPANT TERMINATION

Participant coverage will automatically terminate immediately upon the earliest of the following dates, except as provided in any Continuation of Coverage Provision:

1. On the last day of the month in which the Participant's employment terminates; or
2. On the last day of the month in which the Participant ceases to be eligible for coverage; or
3. On the last day of the month in which the Participant fails to make any required contribution for coverage; or
4. The date the Plan is terminated; or
5. The date the Company terminates the Participant's coverage; or
6. The date the Participant dies; or
7. On the last day of the month in which the Plan receives the Plan's Health Coverage Waiver Form for the Participant; or
8. For variable hour Employees on the last day of the Coverage Period, unless at the expiration of the Coverage Period, the Participant is otherwise eligible as the result of a subsequent Measurement Period or as a result of being reclassified as a full-time Employee.

A Participant whose Active Service ceases because of Illness or Injury or as a result of any other approved leave of absence may remain covered as an Employee in Active Service for a period of twelve (12) weeks pursuant to the Family and Medical Leave Act, or any leave of absence that is consistent with and specifically stated in the Company's current Employee Personnel Handbook. Coverage under this provision will be subject to all the provisions of FMLA if the leave is classified as FMLA leave.

A Participant whose Active Service ceases due to temporary layoff will be considered employed by the Company for the purposes of his/her coverage under this Plan, and such coverage may continue until the end of the month in which the layoff began.

If a Participant's coverage is to be continued during disability, approved leave of absence or temporary layoff, the amount of his or her coverage will be the same as the Plan benefits in force for an active Employee, subject to the Plan's right to amend coverage and benefits.

An Employee whose hours of work are reduced below the required hours to be eligible for coverage or whose job is suspended or who is temporarily furloughed may remain eligible for coverage as an active Employee for the duration of the COVID-19 Declared National Emergency upon prior approval of the Plan Administrator, and as long as fee or premium payments are made to maintain benefits during the Declared National Emergency, under the following circumstances:

1. The Employee has tested positive for COVID-19.
2. The Employee has been exposed to COVID-19 and is self-quarantined.
3. The Employee has lost daycare services for a child under the age of eighteen (18) as a result of a daycare or school closure.
4. The Employee's furlough, job suspension or reduced hours are a result of business staff reduction related to COVID-19.

REINSTATEMENT OF COVERAGE

An Employee whose coverage terminates by reason of termination of employment or reduction in hours and who again becomes eligible for coverage under the Plan within a thirteen (13) week period immediately following the date of such termination of employment or reduction in hours will become eligible for reinstatement of coverage on the date of renewed eligibility. Coverage will be reinstated for the Employee and eligible Dependents on the date of renewed eligibility, if covered on the date of termination, provided that application for such coverage is made on the Plan's enrollment platform within thirty-one (31) days after the date of renewed eligibility.

Reinstatement of Coverage is subject to the following:

1. Credit will be given for prior amounts applied toward the Deductible and Out-of-Pocket Maximum for the same Benefit Period during which renewed eligibility occurs.
2. All prior accumulations toward annual or lifetime benefit maximums will apply.

If renewed eligibility occurs under any circumstances other than as stated in this subsection, enrollment for coverage for the Employee and his/her Dependents will be treated as if initially hired for purposes of eligibility and coverage under this Plan.

The Reinstatement of Coverage provision is not applicable to a variable hour Employee except for any period of time that the variable hour Employee is actually enrolled and covered during the Coverage Period.

DEPENDENT TERMINATION

Each Covered Person, whether Participant or Dependent, is responsible for notifying the Plan Administrator, within sixty (60) days after loss of Dependent status due to death, divorce, legal separation or ceasing to be an eligible Dependent child. Failure to provide this notice may result in loss of eligibility for COBRA Continuation Coverage After Termination.

Coverage for a Dependent will automatically terminate immediately upon the earliest of the following dates, except as provided in any Continuation of Coverage Provision:

1. On the last day of the month in which the Dependent ceases to be an eligible Dependent as defined by the Plan; or
2. On the last day of the month in which the Participant's coverage terminates under the Plan; or
3. On the last day of the month in which the Participant ceases to be eligible for Dependent Coverage; or
4. On the last day of the month in which the Participant fails to make any required contribution for Dependent Coverage; or
5. The date the Plan is terminated; or
6. The date the Company terminates the Dependent's coverage; or
7. On the last day of the month in which the Participant dies; or
8. On the last day of the month in which the Plan receives the Plan's Health Coverage Waiver Form for the Dependent whose coverage is to be terminated; or
9. On the last day of the month in which the Participant and domestic partner terminate their domestic partnership and the Dependent no longer qualifies as a domestic partner as evidenced by the Plan's receipt of signed Affidavit of Termination of Domestic Partnership.

RESCISSION OF COVERAGE

Coverage for an Employee and/or Dependent may be rescinded if the Plan Administrator determines that the Employee or a Dependent engaged in fraud or intentional misrepresentation of a material fact in order to obtain coverage and/or benefits under the Plan. In such case, the Participant will receive written notice at least thirty (30) days before the coverage is rescinded.

CONTINUATION COVERAGE AFTER TERMINATION

Under Title X of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended, Employees and their enrolled Dependents may have the right to continue coverage beyond the time coverage would ordinarily have ended. The law applies to employers who normally employ twenty (20) or more employees.

The Plan Administrator is Inovalon, Inc.; 4321 Collington Road; Bowie, Maryland 20716; (301) 809-4000. COBRA Continuation Coverage for the Plan is administered by: Assured Partners / AP Benefit Advisors, LLC; 10 North Park Drive, Suite 200; Hunt Valley, Maryland 21030-1827.

COBRA Continuation Coverage is available to any Qualified Beneficiary whose coverage would otherwise terminate due to any Qualifying Event. COBRA Continuation Coverage under this provision will begin on the first day immediately following the date coverage terminates as a result of a Qualifying Event.

1. Qualifying Events for Participants, for purposes of this section, are the following events, if such event results in a loss of coverage under this Plan:
 - A. The termination (other than by reason of gross misconduct) of the Participant's employment.
 - B. The reduction in hours of the Participant's employment.
2. Qualifying Events for covered Dependents, for purposes of this section are the following events, if such event results in a loss of coverage under this Plan:
 - A. Death of the Participant.
 - B. Termination of the Participant's employment.
 - C. Reduction in hours of the Participant's employment.
 - D. The divorce or legal separation of the Participant from his or her spouse.
 - E. A covered Dependent child ceases to be a Dependent as defined by the Plan.

NOTIFICATION RESPONSIBILITIES

The Covered Person must notify the Employer of the following Qualifying Events within sixty (60) days after the date the event occurs. The Employer must notify the Plan Administrator of any of the following:

1. Death of the Participant.
2. The divorce or legal separation of the Participant from his or her spouse.
3. A covered Dependent child ceases to be a Dependent as defined by the Plan.

The Employer must notify the Plan Administrator of the following Qualifying Events within thirty (30) days after the date of the event occurs:

1. Termination (other than by reason of gross misconduct) of the Participant's employment.
2. Reduction in hours of the Participant's employment.

ELECTION OF COVERAGE

When the Plan Administrator is notified of a Qualifying Event, the Plan Administrator will notify the Qualified Beneficiary of the right to elect continuation of coverage. Notice of the right to COBRA Continuation Coverage will be sent by the Plan no later than fourteen (14) days after the Plan Administrator is notified of the Qualifying Event.

A Qualified Beneficiary has sixty (60) days from the date coverage would otherwise be lost or sixty (60) days from the date of notification from the Plan Administrator, whichever is later, to notify the Plan Administrator that he or she elects to continue coverage under the Plan. Failure to elect continuation within that period will cause coverage to end.

MONTHLY PREMIUM PAYMENTS

A Qualified Beneficiary is responsible for the full cost of continuation coverage. Monthly premium for continuation of coverage must be paid in advance to the Plan Administrator. The premium required under the provisions of COBRA is as follows:

1. For a Qualified Beneficiary: The premium is the same as applicable to any other similarly situated non-COBRA Participant plus an additional administrative expense of up to a maximum of two percent (2%).
2. Social Security Disability: For a Qualified Beneficiary continuing coverage beyond eighteen (18) months due to a documented finding of disability by the Social Security Administration within 60 days after becoming covered under COBRA, the premium may be up to a maximum of 150% of the premium applicable to any other similarly situated non-COBRA Participant.
3. For a Qualified Beneficiary with a qualifying Social Security Disability who experiences a second Qualifying Event:
 - A. If another Qualifying Event occurs during the initial eighteen (18) months of COBRA coverage, such as a death, divorce or legal separation, the monthly fee for qualified disabled person may be up to a maximum of one hundred and two percent (102%) of the applicable premium.
 - B. If the second Qualifying Event occurs during the nineteenth (19th) through the twenty-ninth (29th) month (the Disability Extension Period), the premium for a Qualified Beneficiary may be up to a maximum of one hundred fifty percent (150%) of the applicable premium.

Payment of claims while covered under this COBRA Continuation Coverage Provision will be contingent upon the receipt by the Employer of the applicable monthly premium for such coverage. The monthly premium for continuation coverage under this provision is due the first of the month for each month of coverage. A grace period of thirty (30) days from the first of the month will be allowed for payment. Payment will be made in a manner prescribed by the Employer.

DISABILITY EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If the Qualified Beneficiary who is covered under the Plan is determined by the Social Security Administration to be disabled at any time before the qualifying event or within sixty (60) days after the qualifying event, and the Plan Administrator is notified in a timely fashion, the Qualified Beneficiary covered under the Plan can receive up to an additional 11 months of COBRA Continuation Coverage, for a total maximum of 29 months. The Plan Administrator must be provided with a copy of the Social Security Administration's disability determination letter within sixty (60) days after the date of the determination and before the end of the original 18-month period of COBRA Continuation Coverage. This notice should be sent to: Assured Partners / AP Benefit Advisors, LLC; 10 North Park Drive, Suite 200; Hunt Valley, Maryland 21030-1827.

SECOND QUALIFYING EVENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

If another qualifying event occurs while receiving COBRA Continuation Coverage, the spouse and Dependent children of the Employee can get additional months of COBRA Continuation Coverage, up to a maximum of thirty-six (36) months. This extension is available to the spouse and Dependent children if the former employee dies or becomes divorced or legally separated. The extension is also available to a Dependent child when that child stops being eligible under the Plan as a Dependent child. **In all of these cases, the Plan Administrator must be notified of the second qualifying event within sixty (60) days of the second qualifying event. This notice must be sent to: Assured Partners / AP Benefit Advisors, LLC; 10 North Park Drive, Suite 200; Hunt Valley, Maryland 21030-1827. Failure to provide notice within the time required will result in loss of eligibility for COBRA Continuation Coverage.**

MEDICARE ENROLLMENT EXTENSION OF 18-MONTH PERIOD OF CONTINUATION COVERAGE

The dependents of a former employee are eligible to elect COBRA Continuation Coverage if they lose coverage as a result of the former employee's enrollment in Part A, Part B or Part D of Medicare, whichever occurs earlier.

When the former employee enrolls in Medicare before the Qualifying Event of termination, or reduction in hours, of employment occurs, the maximum period for COBRA Continuation Coverage for the spouse and dependent children ends on the later of:

1. Eighteen (18) months after the Qualifying Event of termination of employment or reduction in hours of employment; or
2. Thirty-six (36) months after the former employee's enrollment in Medicare.

When the former employee enrolls in Medicare after the Qualifying Event of termination, or reduction in hours, of employment, the maximum period for COBRA Continuation Coverage for the spouse and dependent children ends eighteen (18) months after the Qualifying Event, unless a second Qualifying Event, as described above occurs within that eighteen (18) month period.

WHEN COBRA CONTINUATION COVERAGE ENDS

COBRA Continuation Coverage and any coverage under the Plan that has been elected with respect to any Qualified Beneficiary will cease on the earliest of the following:

1. On the date the Qualified Beneficiary becomes covered under another group health plan or health insurance.
2. On the date, after the date of election for COBRA Continuation Coverage, that the Qualified Beneficiary becomes enrolled in Medicare (either Part A, Part B or Part D).
3. On the first date that timely payment of any premium required under the Plan with respect to COBRA Continuation Coverage for a Qualified Beneficiary is not made to the Plan Administrator.
4. On the date the Employer ceases to provide any group health plan coverage to any Employee.
5. On the date of receipt of written notice that the Qualified Beneficiary wishes to terminate COBRA Continuation Coverage.
6. On the date that the maximum coverage period for COBRA Continuation Coverage ends, as follows:
 - A. Eighteen (18) months for a former employee who is a Qualified Beneficiary as a result of termination, or reduction in hours, of employment;

Continuation Coverage After Termination

- B. Eighteen (18) months for a Dependent who is a Qualified Beneficiary unless a second Qualifying Event occurs within that eighteen month period entitling that Dependent to an additional eighteen (18) months;
 - C. For the Dependent who is a Qualified Beneficiary as a result of termination, or reduction in hours, of employment of the former employee if that former employee enrolled in Medicare before termination, or reduction in hours, of employment, the later of eighteen (18) months from the Qualifying Event, or thirty-six (36) months following the date of enrollment in Medicare.
 - D. On the first day of the month beginning thirty (30) days after a Qualified Beneficiary is determined to be no longer disabled by the Social Security Administration if the Qualified Beneficiary was found to be disabled on or within the first sixty (60) days of the date of the Qualifying Event and has received at least eighteen (18) months of COBRA Continuation Coverage. COBRA Continuation Coverage will also terminate on such date for all Dependents who are Qualified Beneficiaries as a result of the Qualifying Event unless that Dependent is entitled to a longer period of COBRA Continuation Coverage without regard to disability.
 - E. Twenty-nine (29) months for any Qualified Beneficiary if a Disability Extension Period of COBRA Continuation Coverage has been granted for such Qualified Beneficiary.
 - F. Thirty-six (36) months for all other Qualified Beneficiaries.
7. On the same basis that the Plan can terminate for cause the coverage of a similarly situated non-COBRA Participant.

OPTIONS OTHER THAN COBRA CONTINUATION COVERAGE

Instead of enrolling in COBRA Continuation Coverage, there may be other coverage options for Employees and their enrolled Dependents through the Health Insurance Marketplace, Medicaid or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA Continuation Coverage. For more information visit www.HealthCare.gov.

In general for a person who is still employed, if enrollment in Medicare Part A or Part B is not made when first eligible, after the Medicare initial enrollment period, there is an 8-month special enrollment period to sign up for Medicare Part A or Part B, beginning on the earlier of:

1. The month after employment ends; or
2. The month after group health plan coverage based on current employment ends.

A Covered Person who elects COBRA Continuation Coverage instead of enrolling in Medicare may result in a significant surcharge by Medicare for late enrollment in Part B and there may be a gap in coverage if enrolling for Part B at a later time. If a Covered Person elects COBRA Continuation Coverage and later enrolls for Medicare Part A or Part B before the COBRA Continuation Coverage ends, the Plan may terminate COBRA Continuation Coverage for this individual. However, if Medicare Part A and Part B is effective on or before the date of the COBRA election, COBRA Continuation coverage may not be discontinued on account of Medicare entitlement, even if enrollment is made in the other part of Medicare after the date of the election of COBRA Continuation Coverage.

If enrolling in both COBRA Continuation Coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA Continuation Coverage will pay second (secondary payer). Certain plans may pay as if secondary to Medicare, even if not enrolled in Medicare.

QUESTIONS

Any questions about COBRA Continuation Coverage should be directed to the COBRA administrator or contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). INFORM THE PLAN OF ADDRESS CHANGES

In order to protect the Employee's family's rights, the Employee should keep the Plan Administrator informed of any changes in the addresses of family members. The Employee should also keep a copy, for his/her records, of any notices sent to the Plan Administrator.

CONTINUATION COVERAGE FOR DOMESTIC PARTNERS

Continuation Coverage under this section does not confer any rights under the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Domestic partners and their enrolled Dependent children may continue coverage beyond the time coverage would ordinarily have ended due to a Continuation Coverage Event. Continuation Coverage under this provision will begin on the first day following the date of the Qualifying Event.

Continuation Coverage Events for covered domestic partners and their enrolled Dependent children, for purposes of this section, are the following events, if such event results in a loss of coverage under this Plan:

1. The termination (other than by reason of gross misconduct) of the Participant's employment.
2. The reduction in hours of the Participant's employment.
3. Death of the Participant.
4. Dissolution of domestic partnership.
5. A covered Dependent child of a domestic partner ceases to be a Dependent as defined by the Plan.

A domestic partner or enrolled child of a domestic partner has sixty (60) days from the date coverage would otherwise be lost to notify the Plan Administrator that he or she elects to Continue Coverage for Domestic Partners under the Plan. Failure to elect continuation within that period will cause coverage to end.

Continuation Coverage for Domestic Partners and their enrolled Dependent children will cease on the earliest of the following:

1. On the date, after the date of election for Continuation Coverage for Domestic Partners, that the domestic partner or enrolled Dependent child of a domestic partner becomes covered under another group health plan or health insurance.
2. On the date, after the date of election for Continuation Coverage for Domestic Partners, that the domestic partner or enrolled Dependent child of the domestic partner becomes enrolled in Medicare (either Part A, Part B or Part D).
3. On the first date that timely payment of any premium required under the Plan with respect to Continuation Coverage for Domestic Partners is not made to the Plan Administrator.
4. On the date the Employer ceases to provide any group health plan coverage to any Employee.
5. On the date of receipt of written notice that the domestic partner wishes to terminate Continuation Coverage for Domestic Partners.
6. On the date that the maximum coverage period for Continuation Coverage for Domestic Partners and their children ends as follows:
 - A. Eighteen (18) months following the date coverage is lost due to termination or reduction in hours of the Participant's employment.
 - B. Thirty-six (36) months following the date coverage is lost as a result of death of the Participant, termination of the domestic partnership, a child of the domestic partner ceasing to be eligible.

COVERAGE FOR A MILITARY RESERVIST

To the extent required by the Uniform Services Employment and Reemployment Rights Act (USERRA), the following provisions will apply:

1. If a Participant is absent from employment with Employer by reason of service in the uniformed services, the Participant may elect to continue coverage under this Plan for himself or herself and his or her eligible Dependents as provided in this subsection. The maximum period of coverage under such an election will be the lesser of:
 - A. The twenty-four (24) month period beginning on the date on which the Participant's absence begins; or
 - B. The period beginning on the date on which the Participant's absence begins and ending on the day after the date on which the Participant fails to apply for or return to a position of employment, as required by USERRA.
2. A Participant who elects to continue Plan coverage under this Section may be required to pay not more than one hundred two percent (102%) of the full premium under the Plan (determined in the same manner as the applicable premium under Section 4980B(f)(4) of the Internal Revenue Code of 1986) associated with such coverage for the Employer's other Employees, except that in the case of a person who performs service in the uniformed services for less than thirty-one (31) days, such person may not be required to pay more than the regular Employee share, if any, for such coverage.
3. In the case of a Participant whose coverage under the Plan is terminated by reason of service in the uniformed services, an exclusion or Waiting Period may not be imposed in connection with the reinstatement of such coverage upon reemployment if an exclusion or Waiting Period would not have been imposed under the Plan had coverage of such person by the Plan not been terminated as a result of such service. This paragraph applies to the Employee who notifies the Employer of his or her intent to return to employment in a timely manner as defined by USERRA, and is reemployed and to any Dependent who is covered by the Plan by reason of the reinstatement of the coverage of such Employee. **This provision will not apply to the coverage of any illness or injury determined by the Secretary of Veterans Affairs to have been caused by or aggravated during, performance of service in the uniformed services.**
4. The requirements of this section shall not supersede any anti discrimination in coverage requirement promulgated by TRICARE or CHAMPVA related to eligibility for those coverages.

FRAUD AND ABUSE

THIS PLAN IS SUBJECT TO FEDERAL LAW WHICH PERMITS CRIMINAL PENALTIES FOR FRAUDULENT ACTS COMMITTED AGAINST THE PLAN. STATE LAW MAY ALSO APPLY.

Anyone who knowingly defrauds or tries to defraud the Plan, or obtains Plan funds through false statements or fraudulent schemes, may be subject to criminal prosecution and penalties. The following may be considered fraudulent:

1. Falsifying eligibility criteria for a Dependent to get or continue coverage for that Dependent when not otherwise eligible for coverage;
2. Falsifying or withholding medical history or information required to calculate benefits;
3. Falsifying or altering documents to get coverage or benefits;
4. Permitting a person not otherwise eligible for coverage to use a Plan ID card to get Plan benefits; or
5. Submitting a fraudulent claim or making untruthful statements to the Plan to get reimbursement from the Plan for services that may or may not have been provided to a Covered Person.

The Plan Administrator, in its sole discretion, may take additional action against the Participant or Covered Person including, but not limited to, terminating the Participant or Covered Person's coverage under the Plan.

MISSTATEMENT OF AGE

If the Covered Person's age was misstated on an enrollment form or claim, the Covered Person's eligibility or amount of benefits, or both, will be adjusted to reflect the Covered Person's true age. If the Covered Person was not eligible for coverage under the Plan or for the amount of benefits received, the Plan has a right to recover any benefits paid by the Plan. A misstatement of age will not continue coverage that was otherwise properly terminated or terminate coverage that is otherwise validly in force.

MISREPRESENTATION OF ELIGIBILITY

If a Participant misrepresents a Dependent's marital status, age, Dependent child relationship or other eligibility criteria to get coverage for that Dependent, when he or she would not otherwise be eligible, coverage for that Dependent will terminate as though never effective.

MISUSE OF IDENTIFICATION CARD

If a Covered Person permits any person who is not otherwise eligible as a Covered Person to use an ID card, the Plan Sponsor may, at the Plan Sponsor's sole discretion, terminate the Covered Person's coverage.

REIMBURSEMENT TO PLAN

Payment of benefits by the Plan for any person who was not otherwise eligible for coverage under this Plan but for whom benefits were paid based upon fraud as defined in this section must be reimbursed to the Plan by the Participant. Failure to reimburse the Plan upon request may result in an interruption or a loss of benefits by the Participant and Dependents.

RESCISSION OF COVERAGE

Coverage for an Employee and/or Dependent may be rescinded if the Plan Administrator determines that the Employee or a Dependent engaged in fraud or intentional misrepresentation of a material fact in order to obtain coverage and/or benefits under the Plan. In such case, the Participant will receive written notice at least thirty (30) days before the coverage is rescinded.

RECOVERY/REIMBURSEMENT/SUBROGATION

By enrollment in this Plan, Covered Persons agree to the provisions of this section as a condition precedent to receiving benefits under this Plan. Failure of a Covered Person to comply with the requirements of this section may result in the Plan pending the payment of benefits.

RIGHT TO RECOVER BENEFITS PAID IN ERROR

If the Plan makes a payment in error to or on behalf of a Covered Person or an assignee of a Covered Person to which that Covered Person is not entitled, or if the Plan pays a claim that is not covered, the Plan has the right to recover the payment from the person paid or anyone else who benefitted from the payment. The Plan can deduct the amount paid from the Covered Person's future benefits, or from the benefits for any covered Family member even if the erroneous payment was not made on that Family member's behalf.

Payment of benefits by the Plan for Participants' spouses, ex-spouses, or children, who are not eligible for coverage under this Plan, but for whom benefits were paid based upon inaccurate, false information provided by, or information omitted by, the Employee will be reimbursed to the Plan by the Employee. The Employee's failure to reimburse the Plan after demand is made, may result in an interruption in or loss of benefits to the Employee, and could be reported to the appropriate governmental authorities for investigation of criminal fraud.

The Plan may recover such amount by any appropriate method that the Plan Administrator, in its sole discretion, will determine.

The provisions of this section apply to any Physician or Licensed Health Care Provider who receives an assignment of benefits or payment of benefits under this Plan. If a Physician or Licensed Health Care Provider fails to refund a payment of benefits, the Plan may refuse to recognize future assignments of benefits to that provider.

REIMBURSEMENT

The Plan's right to Reimbursement is separate from and in addition to the Plan's right of Subrogation. If the Plan pays benefits for medical expenses on a Covered Person's behalf, and another party was responsible or liable for payment of those medical expenses, the Plan has a right to be reimbursed by the Covered Person for the amounts the Plan paid.

Accordingly, if a Covered Person, or anyone on his or her behalf, settles, is reimbursed or recovers money from any person, corporation, entity, liability coverage, no-fault coverage, uninsured coverage, underinsured coverage, or other insurance policies or funds for any accident, Injury, condition or Illness for which benefits were provided by the Plan, the Covered Person agrees to hold the money received in trust for the benefit of the Plan. The Covered Person agrees to reimburse the Plan, in first priority, from any money recovered from a liable third party, for the amount of all money paid by the Plan to the Covered Person or on his or her behalf or that will be paid as a result of said accident, Injury, condition or Illness. Reimbursement to the Plan will be paid first, in its entirety, even if the Covered Person is not paid for all of his or her claim for damages and regardless of whether the settlement, judgment or payment he or she receives is for or specifically designates the recovery, or a portion thereof, as including health care, medical, disability or other expenses or damages.

SUBROGATION

The Plan's right to Subrogation is separate from and in addition to the Plan's right to Reimbursement. Subrogation is the right of the Plan to exercise the Covered Person's rights and remedies in order to recover from any third party who is liable to the Covered Person for a loss or benefits paid by the Plan. The Plan may proceed through litigation or settlement in the name of the Covered Person, with or without his or her consent, to recover benefits paid under the Plan.

The Covered Person agrees to subrogate to the Plan any and all claims, causes of action or rights that he or she has or that may arise against any entity who has or may have caused, contributed to or aggravated the accident, Injury, condition or Illness for which the Plan has paid benefits, and to subrogate any claims, causes of action or rights the Covered Person may have against any other coverage including, but not limited to, liability coverage, no-fault coverage, uninsured motorist coverage, underinsured motorist coverage, or other insurance policies, coverage or funds.

In the event that a Covered Person decides not to pursue a claim against any third party or insurer, the Covered Person will notify the Plan, and specifically authorize the Plan, in its sole discretion, to sue for, compromise or settle any such claims in the Covered Person's name, to cooperate fully with the Plan in the prosecution of the claims, and to execute any and all documents necessary to pursue those claims.

The Following Paragraphs Apply to Both Reimbursement and Subrogation:

1. Under the terms of this Plan, the Plan Supervisor is not required to pay any claim where there is evidence of liability of a third party unless the Covered Person signs the Plan's Third-Party Reimbursement Agreement and follows the requirements of this section. However, the Plan, in its discretion, may instruct the Plan Supervisor not to withhold payment of benefits while the liability of a party other than the Covered Person is being legally determined. If a repayment agreement is requested to be signed, the Plan's right of recovery through Reimbursement and/or Subrogation remains in effect regardless of whether the repayment agreement is actually signed.
2. If the Plan makes a payment which the Covered Person, or any other party on the Covered Person's behalf, is or may be entitled to recover against any liable third party, this Plan has a right of recovery, through reimbursement or subrogation or both, to the extent of its payment.
3. The Covered Person will cooperate fully with the Plan Administrator, its agents, attorneys and assigns, regarding the recovery of any benefits paid by the Plan from any liable third party. This cooperation includes, but is not limited to, make full and complete disclosure in a timely manner of all material facts regarding the accident, Injury, condition or Illness to the Plan Administrator; report all efforts by any person to recover any such monies; provide the Plan Administrator with any and all requested documents, reports and other information in a timely manner, regarding any demand, litigation or settlement involving the recovery of benefits paid by the Plan; and notify the Plan Administrator of the amount and source of funds received from third parties as compensation or damages for any event from which the Plan may have a reimbursement or subrogation claim.
4. Covered Persons will respond within ten (10) days to all inquiries of the Plan regarding the status of any claim they may have against any third parties or insurers including, but not limited to, liability, no-fault, uninsured and underinsured insurance coverage. The Covered Person will notify the Plan immediately of the name and address of any attorney whom the Covered Person engages to pursue any personal Injury claim on his or her behalf.
5. The Covered Person will not act, fail to act, or engage in any conduct directly, indirectly, personally or through third parties, either before or after payment by the Plan, the result of which may prejudice or interfere with the Plan's rights to recovery hereunder. The Covered Person will not conceal or attempt to conceal the fact that recovery has occurred or will occur.
6. No payments will be made to any provider of services unless the Covered Person is liable for such expenses.

If any benefits remain unpaid at the time of the Covered Person's death or if the Covered Person is a minor or is, in the opinion of the Plan, legally incapable of giving a valid receipt and discharge for any payment, the Plan may, at its option, pay such benefits to the Covered Person's legal representative or estate. Amounts so paid will be deemed to be benefits paid under this Plan and to the extent of such payments, the Plan will be fully discharged from liability under this Plan.

The benefits that are payable will be charged against any applicable maximum payment or benefit of this Plan rather than the amount payable in the absence of this provision.

PROTECTION AGAINST CREDITORS

No benefit payment under this Plan will be subject in any way to alienation, sale, transfer, pledge, attachment, garnishment, execution or encumbrance of any kind, and any attempt to accomplish the same will be void, except an assignment of payment to a provider of Covered Services. If the Plan Administrator finds that such an attempt has been made with respect to any payment due or which will become due to any Participant, the Plan Administrator, in its sole discretion, may terminate the interest of such Participant or former Participant in such payment. In such case, the Plan Administrator will apply the amount of such payment to or for the benefit of such Participant or covered Dependents or former Participant, as the Plan Administrator may determine. Any such application will be a complete discharge of all liability of the Plan with respect to such benefit payment.

ERISA STATEMENT OF RIGHTS

As a Participant in the Employer's Health Benefit Plan the Participant is entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all Participants shall be entitled to:

1. Examine, without charge, at the Plan Administrator's office and at other specified locations, such as work sites and union halls, all documents governing the Plan, including insurance contracts and collective bargaining agreements and a copy of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor.
2. Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated Summary Plan Description. The Plan Administrator may make a reasonable charge for the copies.
3. Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each Participant with a copy of this summary annual report upon request.
4. Continue health care coverage for the Participant, spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. The Participant or covered Dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the Plan on the rules governing COBRA Continuation Coverage rights.

In addition to creating rights for Participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate this Plan, called "Fiduciaries" of the Plan, have a duty to do so prudently and in the interest of the Participants and beneficiaries. No one, including the Participant's employer union, or any other person, may fire or otherwise discriminate against the Participant in any way to prevent the Participant from obtaining a welfare benefit or exercising rights under ERISA.

If the Participant's claim for a welfare benefit is denied or ignored, in whole or in part (an Adverse Claims Determination), the Participant has a right to receive a written explanation of the reason why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial for a full and fair review and reconsideration by the Plan Administrator, all within certain time schedules.

Under ERISA, the Participant can take steps to enforce the above rights. For instance, if the Participant requests materials from the Plan and does not receive them within thirty (30) days the Participant may file suit in a federal court. In such case, the court may require the Plan Administrator to provide the materials and pay the Participant up to one hundred and ten dollars (\$110.00) a day until the Participant receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator.

If the Participant has a claim for benefits which is denied or ignored, in whole or in part (an Adverse Benefit Determination), the Participant may file suit in a state or federal court once the Participant has exhausted the appeal rights under the Plan's claims and appeals procedures. If the Participant believes the Plan fiduciaries have misused Plan assets, or that the Participant has been discriminated against for asserting rights under ERISA, the Participant may seek assistance from the U.S. Department of Labor, or the Participant may file suit in a federal court. The court will decide which party will pay the court costs and legal fees. The court may order the losing party to pay these court costs and fees. The Participant may be ordered to pay these costs and fees if the Participant loses and the court finds the claim to be frivolous.

The Participant should contact the Plan Administrator regarding any questions about the Plan. If the Participant has any questions about the rights under ERISA, The Participant should contact the nearest office of the U.S. Department of Labor, Frances Perkins Building, 200 Constitution Avenue, N.W., Washington, D.C. 20210, (866) 444-3272, or www.dol.gov/ebsa.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT: Group health insurance issuers offering group health insurance coverage generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a normal vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

IDENTIFICATION OF FUNDING: Benefits under this Plan will be paid from Employee or Employer contributions up to the limits defined in the Summary Plan Description (SPD). Benefits in excess of the amount stated in the stop loss policy are reimbursable to the Employer by stop loss insurance, pursuant to the stop loss insurance contract or policy, subject, however, to the terms of this Plan and the stop loss insurance contract.

WOMEN'S HEALTH AND CANCER RIGHTS ACT: This Plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all states of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema. Call the Plan Administrator for more information.
